## QUARTER-MILE CYCLERS' TRACK

Makes the Track Almost a Surety. The Association Only Wants a Guarantee of \$300 Revenue for This Season-Probable Handleap Starters. The Results of the Ball Games and

At a meeting of the board of directors of the West Virginia State Fair Association, held yesterday afternoon, the matter of constructing a one-quarter mile cinder and clay track for the exclusive use of the wheelmen was considered. The plans for the track prepared by Hoge & White, together with estimates as to the cost, etc., were also presented.

It was said that the construction of such a track would knock out two or three sources of revenue that the association now receives benefits from, the most important being the impossibility to rent the grounds out to circuser if the cyclers' track is constructed inside the horse track.

After the matter had been considered in all its bearings the association decided that the track would be built, if the wheelmen would guarantee a revenue this season amounting to \$200.

the wheelmen would guarantee a revenue this season amounting to \$300. This determination was made known to the committee of wheelmen who have the matter in charge.

As the several subscription papers out already bear the signatures of over a hundred wheelmen who have agreed to take season tickets for the use of the track at \$2 for the season, it looks as though the additional fifty to make up the \$300 can be easily secured. Wheelmen who have not signed papers should at once do so at any of the following places: The K. Hoge Company, 1113 Market street; George W. Johnson's Sons, 1210 Main street; Heiner Hardware Company, Masonic building, or at Thomas Jones' cigar store, Eleventh street.

William Mayhew and "Buck" Mayhew are in jail here charged with assault and battery. S. S. Kirkland, living west of town, drove in on Tuesday and soid a load of produce, after which he started home. The two Mayhews jumped into his wagon just below Heatherington's and soon began an assault upon him, when Kirkland and a young man who was with him dumped them out of the wagon. The Mayhews then fairly showered pike stones at them and Kirkland sustained serious bruises about the face and head, but got away as soon as poesible. He thinks their intention was to rob him, but he only filed the complaint for assault and battery. Marshal Bahra arrested both yesterday morning, though they had crossed the river below Benwood. "Buck" had his shoulder out of place and said Kirkland did it throwing him out of the wagon. Mayor Dußeis was at St. Clairsville and the cases were not disposed of. disposed of.

Some interest is manifested here over the possible changes in the Sunday ordinance of the city. The present ordinance enumerates a number of things that cannot be sold, but leaves out ice cream, bananas, cakes, etc., and the present mayor wants these things included. It has been referred to a committee and the city solicitor, and there is some talk of presenting the common labor exaute in the form of an ordinance, thus leaving to the judgement of the executive the things that shall be regarded as necessary. The present ordinance will, of course, remain in force so far as it is good, until a new one is passed.
